It is a stone faced house with all rooms having access to a central cloistered courtyard, with swimming pool, and access to a roof terrace. Should you prefer we will omit the pool and provide a bespoke sculpture and restful water feature, with tree planting.

At one corner there is a viewing tower, to take maximum advantage of the views. The artist in you could well be inspired to produce some fine water colours.

There is a large lounge / dining room with fireplace and direct access to the courtyard. It is large enough to entertain a group of friends, with room to spare.

There are four en-suite bedrooms, with the mastersuite containing a large circular jacussi bath.

The Kitchen is designed for alfresco dining, with a bar in the courtyard. You may of course dine inside.

The design can provide a level of privacy and security not normally found in the modern home.

Please review the design, should you need to make any internal changes, or introduce any particular details we will discuss these with you and re-design to suit.
